

**Make
Tomorrow
Yours**

A First Step to Your Limitless Tomorrow

Your tomorrow is unlike any other. It's about your potential, your goals, your dreams.

At Salisbury University, you'll find a community that will welcome, challenge and support you. Faculty mentors who will get to know you, understand your goals in life and empower you to make it happen.

Learning opportunities in classrooms, labs and abroad that are life changing.

Because to truly make tomorrow yours, you need a university experience that's as unique as you are.

"We have a passion for creating the best learning environment for our students, and we believe the formula in place fosters success now and for our graduates moving forward."

Dr. Carolyn Ringer Lepre
President, Salisbury University

Make Tomorrow Yours

Tsunami Is Ready to Create “Extraordinary” Tomorrows

Some people have the vision, dreams and drive to have an extraordinary impact on the world. For Tsunami Joseph, it begins with understanding the importance of community. To support, to inspire and to celebrate each other hold special places in his heart. For him, there was no better place for that to come alive than at Salisbury.

“Salisbury isn’t a place where you’re going to feel intimidated. It’s welcoming. You feel that extra sense of community where you, as an individual, are truly valued. I didn’t even know that was possible at the college level, but it’s something I’ll always take with me.”

Tsunami Joseph Class of 2022
Hometown Baltimore, MD
Major Exercise Science
Career Goal Personal Trainer
Favorite Campus Spot Sand volleyball courts ...“Because it’s such a great place to meet up with friends and have fun.”

A Warm, Welcoming Community

Imagine a place where the positive energy can literally be felt, every day. In the classrooms and labs. With friends in the residence halls and over meals in The Commons. Where individuality is celebrated and each student feels seen, heard, included and valued. Where the community is big enough for unlimited possibilities and small enough to share those possibilities with people you care about.

Now, stop imagining. Because it’s right here.

At Salisbury, you’ll find that “not too big, not too small” place that’s ready to welcome, support, challenge and inspire you.

Expanding

\$350 million investment in new campus facilities have opened in recent years.

22
AVERAGE UNDERGRADUATE CLASS SIZE

The small class sizes at SU will help you build personal relationships with faculty who will serve as valuable mentors.

Affordable

Salisbury remains one of the most affordable university options for Maryland students.

Uncommon Opportunities for Uncompromising Students

Wide. Open. That's the best way to describe the amazing opportunities waiting for you at Salisbury. Research. Internships. Networking. Leadership. Entrepreneurship. Study abroad. Faculty mentoring. Conference presentations. Academic institutes. An acclaimed Honors College. Labs and facilities that will blow your mind.

Ok, but most universities offer those types of things, right?

Maybe. But the key word here, is "access." Here, you'll have access to those life-changing opportunities that at most places are reserved for graduate students.

820

STUDY ABROAD PROGRAMS TO CHOOSE

As a student at SU, you'll have opportunities to travel the world as a way to gain perspective and add depth to your knowledge.

Make Tomorrow Yours

Kayla's Tomorrow Is Guided by Compassion and Healing

Bringing comfort, care and healing to others is one of life's most powerful callings. It's a calling that Kayla Camiscioli pursues every day. To make it happen, she knew she'd need a university with distinctive opportunities to take her learning experience to uncommon heights. That's just what she found as part of Salisbury's Clarke honors College.

"This experience has prepared me to be the best trauma nurse I can possibly be. I've formed valuable connections by attending national conferences, expanded my perspective through Honors courses outside of my nursing major, and done graduate-level scholarly research as an undergraduate. It's been amazing."

Kayla Camiscioli Class of 2023

A New Path to Elliana's Brightest Tomorrow

Exploration and discovery. More than anything, that's what a university experience is about. Just ask Elliana Larsen, who came to Salisbury as an early childhood education major with a goal of teaching in a K-12 setting. But as part of the Clarke Honors College, Elliana worked closely with faculty on research and led discussion groups in psychology with fellow students. That's when she knew it was time to change her path.

"My professors have been so instrumental in making the most of this experience. They just care about the students so much. Working so closely with Dr. Bemis on her psychological research and then being a supplemental instructor in the Center for Student Achievement, a light went on. I knew I loved psychology, and I knew I wanted to work with college-level students."

Elliana Larsen Class of 2024
Hometown Oceanview, DE
Major Psychology
Career Goal Professor of Psychology
Favorite Campus Spot Zen garden ...
"Because it's so peaceful, it has a waterfall, it's just the best place to relax."

Prestigious

Our faculty have earned degrees from Yale, Oxford and Johns Hopkins.

Expert Scholars, Caring Mentors

It's great having the wind at your back. But sometimes you need it in your face a little too. Our faculty knows this. That's why, every day, they are personally dedicated to helping you, pushing you, supporting you, challenging you, inspiring you and daring you to never sell yourself short. Ever.

Here, your professors will take the time to genuinely know you.

We don't do lectures with 200 students. Ours are usually closer to 20. Because we believe that's what your potential deserves.

445 **FULL-TIME FACULTY**

Mentorship is central to the SU experience. Faculty encourage you to go and explore what your major means to you.

Value that Lasts a Lifetime

Sure, we're consistently ranked among America's best universities. Yes, you'll find our graduates thriving at places like J.P. Morgan, NASA, Disney, Under Armour and many others. Absolutely, we're one of the nation's top producers of Fulbright Students.

But the value we provide extends far beyond professional and financial success.

For us, "value" is also about learning to push boundaries. Finding causes that matter. Forming connections in nearby population centers and cultural hubs. And always staying curious.

Results

95% of Salisbury business school graduates were employed one year after graduation.

Salisbury University is ranked among the Top 50 "Best Value Schools" by U.S. News & World Report's Best Colleges and Universities in the North.

Maggie's Ready to Create More Peaceful Tomorrows

Sometimes, the right school finds you. For Maggie Atherton, that became clear when she discovered that out of the dozen or so universities she was considering, only Salisbury offered a program that perfectly aligned with her passion of resolving conflicts and peacekeeping. As a conflict analysis and dispute resolution (CADR) major, Maggie has begun her journey toward a career helping to resolve conflicts peacefully.

"I've always loved advocating on behalf of marginalized communities, so when I found out about the CADR program I knew this was the place for me. And then when I got here, it just felt like home. I'm really interested in international relations and helping nations solve problems, I know this program is going to be great preparation to achieve that."

Your Tomorrow Is Here

Your time is now. And whether you’re coming right out of high school or transferring from another college or university, there’s no better way to make the most of it than taking the first step towards your admission to Salisbury.

You’ll find a supportive admissions counselor waiting to personally guide you and answer any questions. Some 85% of our students use the Common Application. Your application should include:

- official SAT/ACT scores (*optional, not required*)
- official high school transcripts (*or official transcripts from all colleges attended for transfer students*)
- letter of recommendation
- personal statement/essay

Apply online at gogulls.salisbury.edu/apply and contact us at admissions@salisbury.edu or **410.543.6161** with any questions.

“My professors know everything, and they are so passionate about teaching us. SU prepared me for tomorrow by having professors who care about me and my interests. They have lots of opportunities to connect with people who have great experience and ways for me to step into the world even before I graduate, so that when I do graduate, I already have all these connections.”

Mikayla Lindsay
